

“Bridging the Gap between our Past and the Future”

Boil Water Rescind Notice

July 28, 2018

On July 26, 2018, the Texas Commission on Environmental Quality (TCEQ) required our public water system, City of Kemp, PWS ID, TX1290004 to issue a Boil Water Notice (BWN) to inform our customers that due to an interruption in service, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of July 28, 2018.
